NURSES OBJECT TO '400' GIRL FOR 'BOSS'

Washington, Feb. 22 (A.P.)—Tens of a strike tomorrow of graduate nurses at Emergency Hospital, because of alleged inefficient management and the placing of nurses from other cities in responsible positions in the institution, are said seriously by hospital officials.

Nurses belonging to the hospital's nursing association object particularly to requirements imposed by Miss Janet Fish, superintendent of the hospital, who is a graduate nurse from Hamilton, Feb. 22, of New York, is said to have made several changes recently in an effort to raise the nursing standard and improve efficiency.

"The highly impractical extent of a nation," said Woodbury Blair, president of the institution's governing board, "the hospital will be required to meet such an emergency."

The suggestion of a strike, which is not a misunderstanding, would include the attendance members who are interested in getting jobs for themselves with the staff of the hospital and its patients.

He said the board was satisfied with the present management and would not give the nurses association the right to veto its orders.

Misses Phoebe Cram of Roslyn, Long Island, and Lee Pearce of Pelham, New York, took part in the Wellesley Winter Carnival on the holiday. They are shown hiking back to the starting place to try and better the jumps they had just taken. The jumps were but one of the many carnival events which kept Wellesley's fairest on the jump all day. Most of the girls spend weeks practicing for the winter carnival competition.

WANTS STATE TO REGULATE BEAUTY SHOPS

The thousands of women are entering permanent disfigurement, if not actual death, through blood poisoning, by allowing inexperienced operators in hairdressing establishments to remove warts, moles and superfluous hair, was the charge made by Judge J. Albert Jones at a hearing today at the state house.

On behalf of the hairdressers' association, he urged that the commission of cosmetology, dermatology and hairdressing be required to maintain the highest standards of the industry.

The state, he declared, have already designated the dangerous operations of the industry as a public health and a public safety matter.

Miss Elizabeth A. Olla of Worcester, president of the Ladies' Hairdressers' Association of New England, Miss Grace H. O'Brien of Boston, and Miss M. H. Fry of Hingham, supported Judge Drach's view.

It was estimated that in Greater Boston alone there are 12,000 persons employed in the hairdressing business.

Local beautician, representing the Local Trade Union, pointed out to the committee that the bill was based on the assumption that it would make the licensing of beauticians and other operators of a better job. "Margarita" said, "it is a law under which the board of health."

In the removal of moles, warts and other blemishes, he asserted, which could be done only by the medical profession.

Miss Rose White of Somerville, who, while she might not think the lily needs gilding, does believe at least one Rose she knows should paint. She heartily agrees with Prof. A. P. Wimmer of Columbia University that cosmetics do no harm at all and that their use improves the looks greatly. Prof. Wimmer declared physicians high hat cosmetics because they know nothing about them. Certain Hub doctors even want the State to control their sale. Miss White and hundreds of other girls disagree.

SACCO DRIVE IN PARIS

Paris, Feb. 22 (A.P.)—A demand that "American capitalism either execute Sacco and Vanzetti at once or release them" was placarded on the main walls of Paris today over the signatures of a number of well-known Socialists.

"Six Years in the Face of Death," the flaming headline of the poster, which adds: "Such is the fate of the two labor leaders condemned to death by American courts for a crime they did not commit. Let us demand their immediate execution or their release at once."

The signers include Leon Blum, leader of the Socialist group in the Chamber of Deputies, and Jean Louis, grandchild of Karl Marx. A call to make for a mass meeting at the Hotel Bullier, a hall in the avenue de l'Observatoire, to "let up his cry so that the Americans cannot fail to hear it."

Nicola Sacco and Bartolomeo Vanzetti, Italian, were convicted in 1921 of the murder of a shoe company salesman and guard at South Braintree in April, 1920. Legal moves to save them have been in progress since then.

Since their conviction there has been almost continual agitation for their release among anarchists, communists and Socialists abroad. American diplomatic missions in Paris, Rome, Lisbon, Buenos Aires and other cities have been threatened. In several instances the buildings were damaged, but

MARCH OF TRIUMPH

Washington's progress from Mount Vernon to New York was a triumphal march. At Philadelphia there were flower-decked maidens and an arch of victory. Trenton had no arch, but it had a poem, which was recited by 13 girls.

INAUGURATED

Amid universal joy, Washington was inaugurated at New York on April 30, 1789. He appeared on the balcony of Federal Hall, and was sworn into office with his hand resting on a "large and elegant Bible." Outside the town cannon roared.

FOUR IN COURT FOR ROBBERY TOMORROW

The life of John Reed, one of the four alleged Salisbury train robbers, will now be jeopardized in Philadelphia until after he is tried and his severed his sentence—if convicted—for the Salisbury holdup. Federal authorities announced today.

Reed was wanted in Philadelphia for the murder of his wife in January, 1925, when, according to the police of this city, he was known as Stephen Danahy.

He will go on trial tomorrow for the Salisbury mail train robbery, together with William Haverstick and Michael Andrew, all of Nahant, N. H. If convicted, each of the four must receive a mandatory sentence of 15 years in a Federal penitentiary.

The Reed case is similar to that of Gerald Chapman, Federal judge, who having presided over State court, except that in the Chapman case the Federal government was a party to the case, and the case was a Supreme Court ruling by pointing Chapman, attorney General.

It was revealed today by Assistant United States Attorney John V. Spaulding that Reed, who has the Salisbury holdup last July, worked in an Amherst factory under the name of Fred Malcom, and he had reportedly observed the method of transporting the factory payroll.

He was up with the method of the murder in Philadelphia, Philadelphia through receipt for weekly payments of an ordered allowance to the woman.

FIND TRACE OF LOST CREW

Portsmouth, Feb. 23 (A.P.)—Members of the Portsmouth High school swim team today picked up part of the body of one of the eight victims of the coast guard, motor boat 218, which went to pieces off High Island in last Sunday's northeast.

An innocent patrol of the beach is being maintained and gardeners expected that with the wind blowing from the southeast more bodies would be recovered later today.

Two of the 218's crew were washed ashore soon after their boat had been crushed by the northeast wind. Bits of the boat have littered the shore for miles.

Children Cry For

Fletcher's CASTORIA

When Baby Complains.

There are many ways a baby has of expressing any pain or irregularity in digestion from its normal condition of health and happiness. A short sharp cry, a prolonged irritated cry, Restlessness, a constant turning of the head or of the whole body, fretful. In these and other ways a baby tells you there is something wrong. Most mothers know that a disordered stomach, or bowels that do not act naturally are the cause of most of baby's sufferings. A call for the doctor is the first thought, but in the event of any delay there should be ready at hand a safe remedy such as Fletcher's Castoria.

Castoria has been used for baby's ailments for over 30 years and has merited the good will of the family physician in a measure not equaled by any other baby's medicine because of its harmlessness and the good results achieved.

And remember this: Castoria is essentially a baby's remedy and not a cure-all for every member of the family. What might help you is too often dangerous when given to a babe.

To avoid imitations, always look for the signature of *Dr. J. C. Fletcher*. Proven directions on each package. Physicians everywhere recommend it.

HARTFORD MAN HELD ON CHARGE OF BIGAMY
Hartford, Ct., Feb. 22—Word was received here of the arrest in Los Angeles of Charles E. Johnson, local builder, married man and father of one child, who is charged with bigamy in the western city. Johnson left Hartford February 4, leaving 20 creditors who claim he owes them approximately \$250,000.

The police say that while Mrs. Johnson lived near Johnson. The police say that they have traced her to Chicago, where she joined Johnson, and then went to California.

There would also be an American collector-general of all revenue. Nicaragua would not have a standing army, but a trained, armed constabulary to police municipal and rural police, the only armed organization of the country, offered by United States military officers.

The treaty terms provide that Nicaragua is not to enter a treaty with or loan or sell territory to a foreign power other than the United States, without the consent of the United States.

ALCOHOL DEATH RATE HIGHEST IN BAY STATE

Massachusetts has the highest death rate from alcoholism in all the United States, according to figures available since New Year's, it was announced today in New York.

In Massachusetts the death rate from alcoholism had risen steadily in the prohibition era until in 1929 the rate finally became higher than in the pre-prohibition year of 1915, taken as a basis of comparison.

The figures were compiled by Dr. Matthias Neill, head of the New York State Health Department, and he learned that in the entire registration area, which includes all sections of the country, the death rate rose 100 per cent since the beginning of prohibition.

In Massachusetts the rate has advanced four times, from 1.8 deaths per 100,000 population in 1915 to 7.2 deaths per 100,000 in 1932—a 20 per cent rise.

Neill said that the League of Nations was an antidote for war. "A country that is no longer able to rely on its own defenses will never be able to rely upon peaceful security."

"Wars Are Designed in Heaven," Says British General

Glasgow, Scotland, Feb. 23 (A.P.)—Wars are part of heaven's design, just as earthquakes, storms and plagues are, British general Edward Driess told the annual session of Glasgow Highlanders.

This view is assailed by pacifists and League of Nations advocates who have joined in a whole-silk protest against any suggestion that heaven has a part in war.

General Edwards said he did not share the opinion of many persons that the League of Nations was an antidote for war. "A country that is no longer able to rely on its own defenses will never be able to rely upon peaceful security."

THE HOLLYWOOD GIRL

Adventure of a Girl From New England in Movie Colony

By BEATRICE BURTON

READ THIS FIRST

BOBBIE RANSOM is a demure little school teacher, "movie-ad." For years she has been dreaming of going to Hollywood to "break into pictures." And now, at 22, she makes up her mind to do everything and go.

She asks her father, a widower, to lend her \$500, but he refuses. Then Bobbie threatens to ask her lover, ANDREW JEFFERSON, for the money, much to the horror of her spinster mother, Mrs. GRACIE RANSOM, who has been like a mother to her all her life.

That night, Andrew, or Andy, as Bobbie calls him, drives off in one of the "used" automobiles that he buys cheaply.

SOV GO ON WITH THE STORY)

CHAPTER II

It is not easy for a girl to fall in love with a man she knows as well as Andrew Ransom knew Andy Jeffers.

And, friendly toward him, she felt toward

Camels

TRY Camels and you'll know why they win the modern world. *Mildness and mellowness.* The smoking wish of this exacting age is realized in Camels. Such taste and fragrance as never came before from a cigarette. A mellow mildness that can result only from superb blending of the choicest Turkish and Domestic tobaccos.

This age demands the best of everything—and it finds its ideal smoke in Camels. Nowhere else can you find such smoothness, such ever-dependable goodness as here—

What our chemists call, "an almost perfect seal for tobacco condition"—a heavy soft-foil package with an extra outside wrapper of glassine, etc.

FIRST QUALITY TOBACCO AND SENSIBLY PACKED

Everything for Quality—not one penny for frills!

EVERYTHING for quality—we ask you to take that statement literally... TOBACCO! "Heart" Burley—selected "middle-stalk" leaf, rich and fully matured; the best quality of the one best tobacco for pipe smoking. **MADE FOR PIPES!** An old time tobacco secret, "Wellman's Method", used exclusively on this one brand; a combination of mildness and "body" not to be found elsewhere. **CUT FOR PIPES!** Not granulated for cigarette rolling, but "Rough Cut"; the larger flakes burn more slowly, last longer, smoke cooler!

Quality—everything for quality—and not one penny for anything else.

Cooking Hints to Aid Business Housewife

With the busy business housewife, time is a precious commodity. Here are some hints to help her manage her kitchen more efficiently.

1. Plan your meals. Before you go to the market, make a list of what you need for the week. This will save you time and money.

2. Cook in bulk. When you have time, cook large quantities of soups, stews, and casseroles. These can be frozen and reheated when needed.

3. Use your oven wisely. Bake several items at once. For example, you can bake a cake while the meat is cooking.

4. Keep your kitchen clean. A clean kitchen is a happy kitchen. Wipe down surfaces as you go.

5. Don't forget to rest. Even the busiest housewife needs a few minutes of relaxation each day.

Consider... your table linen

For breakfast you used those gay Japanese runners. Tonight you will use a snowy white cloth. To set a perfect table it is first of necessity to have correct sugar for each purpose. To serve Crystal Domino Table Sugar with hot tea or coffee is a distinctive touch of hostessship.

For a more charming table and better cooking results keep the full line of Domino Package Sugars on hand. It is the finest cane sugar obtainable.

Do You Have Attractive Lips?

By Marie Loring
Lips are the most important feature of the face. They are the first thing that catches the eye. If you have attractive lips, you are more likely to be liked and admired.

There are many ways to make your lips look better. You can use lipstick, lip gloss, or lip balm. You can also use natural remedies like honey and lemon juice.

Using Vaccination in Tuberculosis

By Chas. A. L. Reed, M. D.
President, Association of American Physicians

Since the discovery of the tubercle bacillus, many efforts have been made to prevent the spread of tuberculosis. One of the most important of these is vaccination.

Vaccination is the process of introducing a small amount of the bacteria into the body to create an immune response. This can help the body fight off the disease if it is ever exposed to it.

The Correct Thing in Manners

By Mrs. L. C. Freeman
Hostess, Man's Dinner

When you are the hostess for a man's dinner, it is important to follow certain rules of etiquette. These rules will help you to make a good impression and to enjoy the evening.

Some of the most important rules are to be polite, to listen to what the man is saying, and to avoid talking too much about yourself.

No Hurry about it

There isn't any hurry about the way Heinz prepares beans because Heinz Beans are baked beans—baked in the dry heat of real ovens.

That takes more time and trouble—but it's worth it as you well know every time you enjoy this delicious dish.

If we hurried, Heinz Beans wouldn't taste so good, smell so good, and be so good. It's the baking—the slow, careful baking in real ovens—that makes Heinz Beans so very, very good to eat.
